

I listen to KLOVE in Oklahoma City all the time (station 88.9). It is almost the only station I listen to. I have been a KLOVE supporter (monetarily) for years. KLOVE's message is important to me. I need to hear the message of God's Love often and am always grateful for the times when a song's message speaks to me. I support KLOVE monetarily because I don't want KLOVE to ever NOT be on the air. I don't want anything about my ability to access KLOVE through my radio to change. The public needs to hear the message of God's Love. My son knows the words and tunes to the songs played on KLOVE. The words and tunes are safe for him and for all other children. KLOVE does not play what the other stations play --which includes songs of depression, drugs, sex, devil worship etc..KLOVE plays wholesome music that appeals to all ages. My community needs this. My community already thrives on KLOVE. We would be lost without KLOVE's service to us.

while I haven't ever needed to utilize a KLOVE pastor when in an emotional state, they are available 24 hours a day to the public. Just last week I was told of a friend's friend that loaded a gun while drinking because his wife left him, and he couldn't figure out how to disarm the gun. This individual needed someone to talk to. KLOVE pastors and staff are available for just this type of need and other needs as well.

Please don't change our ability to access KLOVE radio. Thank You,
